HORAN has been helping individuals and companies achieve their financial objectives for 60 years. Today we offer a complete range of products and planning services to maximize the value of employee benefits and business insurance.

**Cost Containment**

As one of the area's largest full-service insurance and financial services firm, HORAN obtains favorable rates from the major insurance carriers. This helps our clients control costs while enhancing employee well-being, a true demonstration of ROI on employee benefit dollars.

**Ease Of Administration**

HORAN relieves clients of the administrative headaches often involved in the administration of employee benefits and insurance plans. In the process, HORAN helps your employees better understand their benefits, leading to greater appreciation and employee retention.

**Tailored For Each Client's Needs**

Whether employee benefits, business insurance and succession planning, or long-term estate planning, HORAN takes a strategic approach to ensure that plans meet each client's unique set of needs and financial objectives.
