

Manage your prescriptions anytime with the Humana Pharmacy app

Visit the App Store or Google Play to download the Humana Pharmacy mobile app today!

Download on the App Store

ANDROID APP ON Google play

Use the app today to switch your medications to Humana Pharmacy. All you need to do is take a picture of your prescription or pill bottle using the “Switch Rx” feature.

Why choose Humana Pharmacy?

Humana Pharmacy™, Humana’s mail-delivery pharmacy, is a convenient way for you to order your maintenance medications. These are medicines you take all the time for conditions like high cholesterol, high blood pressure and asthma.

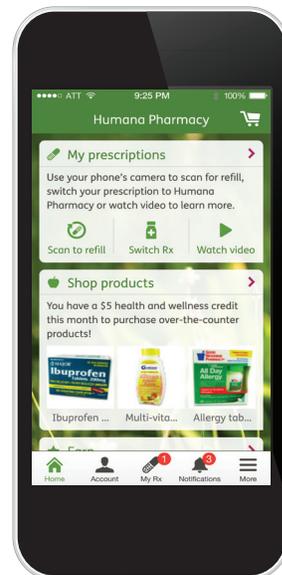

Choosing Humana Pharmacy for your prescriptions means:

- You save time – no trips to the pharmacy; order your medicines from Humana Pharmacy four times a year or sign up for automatic refills
- Pharmacists are available to answer questions about your medicines
- Added safety measures – each new prescription is checked by two pharmacists to make sure they are safe for you to take with your other medications

The Humana Pharmacy mobile app allows you to manage all your prescriptions from the convenience of your phone. The app’s capabilities mean you can manage your medicines 24 hours a day, seven days a week.

Use the Humana Pharmacy mobile app to:

- Order a new prescription or refill an existing one – as easy as taking a picture of your pill bottle
- View a list of your medications and their refill eligibility
- Track your order status
- Pay for your order and any outstanding balances
- Be reminded to take your medication
